Recreation Resources for School-Aged Newcomer Children & Youth

January 2016

The following guide was put together by the Manitoba Immigrant and Refugee Settlement Sector Association (MIRSSA)'s Youth Committee to help connect school-aged newcomer children and youth to recreation programming. The guide is designed to be used by service providers, private sponsors and other supporting organizations .

The document is a work in progress and will continue to grow as more resources are added. We are hoping to publish an updated guide in early March 2016 (which will include rural and pre-school resources) and are welcoming feedback from users to help us create the best possible resource. Feedback and recommendations can be shared by completing the link below. The survey will remain open so that continuous feedback can be collected.
